### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Richards on 12/13/05.

The application has been amended as follows:

In **Claim 37**, at line 10, the phrase [said trim] is replaced by the phrase --a trim--.

Also in **Claim 37**, at line 13, the word [a] is replaced by the word --said--.

Also in view of the previous restriction, and the allowability of the independent claims, the withdrawn claims **9-11,13,14,19,21,23,24,28,29 and 32** are hereby **REJOINED**.

Therefore **Claims 1,5,9-11,13-32, and 35-37** are **Allowed**.

2. The following is an examiner's statement of reasons for allowance: The prior art of record all failed to show either alone and/or in combination a trim sensor

configuration with the sensor being in a link of the system as stated in claim 1. Also as stated in claim 35 a flexing response sensor with a transverse portion in a link. Also as stated in claim 36 a flexing trim sensor also comprising an optical sensor, and as stated in claim 37 first and second trim sensors, the first in a coupling device and the second in a control servo of a trim system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
